Accessibility & security compliance (Section 508 / WCAG 2.1 AA / cybersecurity)	●					
Overall customer satisfaction	●					

Scale: E = Exceptional VG = Very Good S = Satisfactory M = Marginal U = Unsatisfactory N/A = Not Applicable

PART IV NARRATIVE ASSESSMENT

NOTABLE STRENGTHS

Colaberry re-platformed our 12-year-old workforce portal on schedule and exceeded the accessibility target, delivering a fully Section 508 / WCAG 2.1 AA compliant system. They migrated 240,000 constituent records with zero data-loss incidents and stood up role-based dashboards that our case managers adopted within the first week.

PROBLEMS ENCOUNTERED AND HOW THE CONTRACTOR RESOLVED THEM

A mid-project change in our SSO provider threatened the timeline. Colaberry re-scoped the integration within 48 hours at no additional cost and still met the original go-live date.

WOULD YOU SELECT THIS CONTRACTOR AGAIN? WHY?

Yes, without reservation. Their combination of technical depth and responsiveness is rare among the vendors we have worked with.

PART V CERTIFICATION

Dana R. Whitfield

Dana R. Whitfield

IT Program Director (Contracting Officer's Representative)
Midwest Regional Workforce Board
