Communication and responsiveness	●					
Accessibility & security compliance (Section 508 / WCAG 2.1 AA / cybersecurity)	●					
Overall customer satisfaction	●					

Scale: E = Exceptional VG = Very Good S = Satisfactory M = Marginal U = Unsatisfactory N/A = Not Applicable

PART IV NARRATIVE ASSESSMENT

NOTABLE STRENGTHS

Delivered a modern LMS and public website for 15,000 students with clean design and full WCAG 2.1 AA conformance. Integration with our student information system was seamless and thoroughly documented, which shortened our internal handoff considerably.

PROBLEMS ENCOUNTERED AND HOW THE CONTRACTOR RESOLVED THEM

Early load-testing revealed performance issues under peak registration traffic. Colaberry proactively re-architected the caching layer, and the platform handled a 4x traffic spike on launch day without degradation.

WOULD YOU SELECT THIS CONTRACTOR AGAIN? WHY?

Yes. Communication was excellent throughout, and they treated our budget constraints as their own.

PART V CERTIFICATION

Miguel A. Santos

Miguel A. Santos

Associate Vice President of Information Technology
Coastal Community College District
