Accessibility & security compliance (Section 508 / WCAG 2.1 AA / cybersecurity)	●					
Overall customer satisfaction	●					

Scale: E = Exceptional VG = Very Good S = Satisfactory M = Marginal U = Unsatisfactory N/A = Not Applicable

PART IV NARRATIVE ASSESSMENT

NOTABLE STRENGTHS

Built a HIPAA-aligned secure portal and real-time analytics suite under a firm-fixed-price contract, holding a 99.9% uptime SLA every month since launch. Their engineering discipline and SOC 2-aligned controls gave our compliance team full confidence.

PROBLEMS ENCOUNTERED AND HOW THE CONTRACTOR RESOLVED THEM

No significant performance problems arose. When a third-party data feed changed formats without notice, Colaberry detected and patched the pipeline before it affected any client reports.

WOULD YOU SELECT THIS CONTRACTOR AGAIN? WHY?

Absolutely. They are our default partner for analytics and secure web development.

PART V CERTIFICATION

Karen J. Liu

Karen J. Liu

Vice President of Product & Technology
Meridian Health Analytics, Inc.
